

TRENDS VERSION 3 FOR EXPERIENCED USERS

TUESDAY, NOVEMBER 18, 2008 • 9:00 AM - 3:00 PM
INSTRUCTOR: SISTER HERTHA LONGO, CSA

WHO: This workshop is designed for TRENDS users who have personally completed at least one TRENDS projection from start to finish and who can successfully maneuver within the program.

WHAT: You will learn more about perfecting data input, assumptions, review for reasonableness, analysis of the projections, and ways to use the projection in reporting to various audiences. You will learn best practices in use of TRENDS. Bring your most recently completed TRENDS in version 3. If you do not have your TRENDS in version 3, it must be ordered and re-entered into version 3 prior to the workshop. The \$100 fee to attend includes lunch.

PREREQUISITES TO ATTEND WORKSHOP:

- Laptop computer with mouse.
- TRENDS version 3 must be installed on your laptop including the most recently completed TRENDS information for your Institute in version 3.
- The person attending this workshop has worked with TRENDS from start to finish and understands the basic components of TRENDS.
- As a tier 2 workshop, the working knowledge of the attendee will be reflected in more than a basic understanding of TRENDS, as the instructor will not be covering any of the basic information from the training workshop.

IMPORTANT:

This is a "hands-on" workshop. Attendees are expected to bring a laptop with TRENDS version 3 installed and the most recent TRENDS for their Institute completed in version 3.
